

- General Spacing Issues

- Maybe you get separated from party when surrounded in town (feeling of fear)

- "Mission Report" before epilogue, displays each end-game variable. (morality, approval, etc.) (perhaps written by you to illustrate the morality). eg. "This mission was a success. Rofferty was pleased. We made this much money. Our companion promised they would happily join us the next time we should need assistance."

- Wizard regains health and vigor upon putting hands on staff, then offers to use reagents to teleport. Explains he was

MERC

in woods looking for magic ash, from the dragon's destruction
